Well Made

Hood's Sarsaparilla is prepared by ex-perienced pharmacists of today, who have brought to the production of this great medicine the best results of medical research. Hood's Sarsaparilla is a modern medicine, containing just those vegetable ingredients which were seemingly in-tended by Nature herself for the alleviation of human ills. It purifies and enriches the blood, tones the stomach and digestive organs and creates an appetite; it absolutely cures all scrotula eruptions, boils, pimples, sores, salt theum, and every form of skin disease; cures liver complaint, kidney troubles, strengthens and builds up the nervous system. It entirely overcomes that tired feeling, giving strength and energy in place of weakness and languor. It wards off malaria, typhoid fever, and by purifying the blood it keeps the whole system healthy.

COMBINE RAILROAD

Pool of New York Central and the Pennsylvania System.

Vandebuilt and Morgan Preparing for a Big Deal - To Buy Up All Competing Roads and Make Rates.

New York, July 9 .-- Think of \$2,500,000,000 of capital being controlled by three men. These three men are William K. Vanderhilt, J. Pierpont Morgan, and A. J. Cassatt, today the dominating factors in the railroad world.

It has been apparent for some time these financial giants are at work with a thorough understanding, and from at least one incident it seems that the two great rail way groups known as the New York Central and Pennsylvania systems, which until lately were bitter rivals, have swung around, and have set out to divide up the territory they traverse. It is asserted on good authority that they have seriously considered the idea of procuring control of certain railroads join'ly, and establishing a pooling system which will adroitly evade the law.

The fact has never been published that the New York Central ago had experts examine the Wabash with a view to acquiring control of it so as to remove it. control of it so as to remove it as a rate disturber. The experts traveled over the road, and made a careful inspection of all of its resources, and did all but go over the books. Nothing further, however, was done at that time, al though the Vanderbilt and Pennsylvania officials were satisfied with the result of the inquiry. It is said also that a gigantic scheme was on foot for getting control of all the principal lines between New York, Boston, Chicago, and St. Louis in the interest of these two groups. In this way they would stamp out once for all the practice of rate cutting.

With the knowledge that the New York Central and Pennsylvaula are working along friendly lines in their expansive policy, and that Mr. Morgan is friendly too, it becomes apparent that as these three great aggregations of capital grow they will form alli-ances, and tend to establish a mighty combination that will control everything in sight.

Por the Sake of Pun, Mischief is Done." A vast amount of mischief is done, too, because people neglect to keep their blood pure. The mischief appears in eruptions, dyspepsia, indigestion, nervousness, kidney diseases, and other ailments. This mischief, fortunately, may be undone by the faithful use of Hood's Sarsaparilla, which cures all diseases origi-
